December 2006

Amended December 2017

SECTION 2: OBJECTIVES

The objectives of the helper program are;

- A. Provide standardized education and trial helper training.

SECTION 3 : HELPER COMMITTEE

The helper committee is appointed by the GSSCC executive yearly. The helper committee shall consist of four (4) members as follows: A GSSCC director, GSSCC judge, GSSCC teaching helper and a GSSCC member. The GSSCC executive will select one of the four (4) members to be helper program co-ordinator. The helper program co-ordinator will report directly to the head judge/president.

SECTION 4 : HELPER COMMITTEE RESPONSIBILITIES

The helper committee is responsible to assist in the development, implementation and management of the helper program. In addition to these responsibilities, the helper committee shall act in an advisory role and provide support and assistance to helpers that have been selected to perform helper work at a national event.

The helper committee must present an annual report to the GSSCC head judge and GSSCC executive including a list of all GSSCC certified helpers and the expiry date of the certification.

The helper committee will receive teaching helper's applications and may recommend new teaching helpers for approval by the GSSCC executive as required to maintain the helper program.

A. Solicit regional clubs and the region's members to determine the needs of regionally sponsored helper training.

SECTION 6 : HELPER PROGRAM CURRICULUM

The helper program curriculum includes exercises to develop a helper's skills (e.g., mechanics, knowledge of rules, ability to take direction, body positioning, equipment positioning, balance, timing, awareness, presence, attitude, etc.) to enable him/her to properly and safely execute the protection exercises described in the VDH Trial Regulations and those required for GSSCC Breed Surveys and the Canadian Sieger Show protection part. *The helper program curriculum does not include exercises to develop a helper's knowledge as a training helper, since the philosophies of how to train dogs in protection vary drastically, and thus are not "standard".*

The helper program curriculum will be taught by GSSCC teaching helpers at club, regional or national helper seminars, which are sanctioned by the GSSCC helper committee. Deviations from the curriculum are not permitted. Some of the theory in the curriculum is presented in moderate detail in this document.

Every teaching helper will be issued a teaching guide module to follow so the training will be standardized throughout the GSSCC. The module will include general theory, theory for the execution of all exercises, practical training exercises, certification exercises and written exams for helpers.

SECTION 8 : HELPER SEMINARS AND CERTIFICATION

By January 2009, all helpers testing dogs at any trial level must be GSSCC certified.

In February 2013, the helper program and curriculum were updated.

In March 2014, the helper program was updated.

In March 2017, the helper program was updated.

All helpers wanting to receive certification must initially attend a GSSCC sanctioned helper seminar before receiving certification. At the start of the seminar all helpers will be given a GSSCC helper book. The certification may take place at the end of the seminar or the next day.

The helper will keep the helper book and must present it whenever the helper performs at a trial, Breed Survey, Körung or GSSCC helper seminar/certification. The presiding judge or teaching helper will complete the evaluation in the book.

If a helper's certification expired then the helper must attend a GSSCC helper seminar before they can be certified again.

If a helpers GSSCC membership expires they will have 2 months to renew their GSSCC membership. If they fail to renew their GSSCC membership within 2 months after it expires their status as a helper is terminated. When they become a GSSCC member again they will need to recertify at a seminar as described above.

The helper may keep the amount of dogs worked and use their previous helper books when they re certify upon approval from the helper committee.

NEW- Club Helper Workshop. This is an informal session where upon approval by the helper committee, a teaching helper(s) is invited by a club to attend the club and informally train their club helper(s). The training can be as short as a few hours, up to a full day. If the Teaching Helper(s) observes great work from the club helper(s), they could add 1 to 3 dogs to the helper(s) book. The helper(s) routine would have to be videotaped and sent to the helper coordinator. To get credited for these dogs, the club level helper HAS to attend a helper certification seminar within a year.
